Amy and Nelson,

Please find attached a bulleted one-pager to give you a sense of the tack we're taking to **Ex. 5 Deliberative Process (DP)**

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

I'm transforming this into a paragraph and will send it along.

Hi Phil,

Attached is our draft write-up. If you would like to meet to discuss this more in the context of the dietary perspective, let me know and I'll set something up.

Thanks,
Amy

Thanks, Phil. I'm looking over Amy's draft now and will provide some input on that. If you don't mind, I'll include you in the loop so you can provide some feedback from how this might best fit into the dietary perspective.

I meant NMC CRA. I've got OPs on the brain with our epi update schedule we've been discussing for this summer.

Hi Nelson,

I'm working on characterizing the dietary exposure expected due to aldicarb use on citrus in the context of cumulative OP exposures. I'm working the dietary angle. Let me know if you want to chat or have ideas you want to bounce off. The plan is that both EFED and HED have something to share Thursday afternoon. Hope all is well with you and your family is staying healthy and safe.
